

Active Travel Policy

March 2018

Introduction

1.1 At Brackenbury Primary School, we encourage pupils and parents to travel to school by cycling, scooting and walking (active travel) wherever possible.

1.2 This school travel policy will outline how we will be encouraging active travel to school. We will discuss the policy with the pupils and maintain its relevancy by reviewing it periodically. For pupils unable to travel to school actively, we encourage the use of public transport.

1.3 If you have any suggestions for improving travel for pedestrians and cyclists to or around the school, or questions about travelling to school, please get in touch with Miss Karim (School Travel Plan lead) or Mr Collins (Head teacher).

2. Some of the numerous benefits of active travel:

- improving both mental and physical health through physical activity
- establishing positive active travel behaviour
- promoting independence and improving safety awareness
- reducing congestion, noise and pollution in the community
- reducing the environmental impact of the journey to school.

3. To encourage pupils to cycle or scoot to school frequently the school will:

- actively promote cycling and scooting as a positive way of travelling
- celebrate the achievements of those who cycle and scoot to school
- provide cycle and scooter storage on the school site
- provide high quality cycle training to all pupils who wish to participate.

4. To make cycling and scooting to and from school a positive experience for everybody concerned, we expect our pupils to:

- ride sensibly and safely and to follow the Highway Code
- check that their bicycle or scooter is roadworthy and regularly maintained
- behave in a manner which shows them and the school in the best possible light and to consider the needs of others when cycling or scooting
- consider wearing a cycle helmet

- ensure they can be seen by other road users, by using lights and wearing high-visibility clothing, as appropriate.

5. For the wellbeing of our pupils, we expect parents and carers to:

- encourage their child to walk, cycle or scoot to school whenever possible
- encourage their child to take up opportunities to develop their competence and confidence in cycling or scooting
- consider cycling or scooting with their child on the school run, possibly joining with other families as a 'cycle train'
- provide their child with equipment such as high-visibility clothing, lights, a lock and cycle helmet as appropriate
- ensure that the bicycles and scooters ridden to school are roadworthy and regularly maintained.

6. Things for parents to consider

- the decision as to whether a child is competent to cycle, scoot or walk safely to and from school rests with the parent(s)/carer(s). The school has no liability for any consequences that arise from such decisions.
- this policy covers the journey to and from school where the school has no responsibility or liability. When walking, scooting and cycling activities are being led by the school there may additional rules and guidance concerning equipment such as use of helmets, high visibility clothing, etc.
- parents are advised to consider appropriate insurance cover (check home insurance) as the school is not liable for, and its insurance does not cover, any loss or damage to bicycles and scooters being used on the way to or from school.
